

# ForeverSafe Security Screens

## Security and Storm Protection - Built to Last

## Egress Screens

hinged Egress screens provide security with peace of mind

Hinged egress security and storm windows feature a keyless, one-touch safety bar exit system that can be easily operated from inside, without compromising security. It lets you quickly exit your home in the event of a fire or other emergency. ForeverSafe Security Screens cannot be effectively pried open, kicked down or cut; ensuring your home is safe and secure.

Egress windows work with various types of windows; including louvers, double hung and sliding windows. They are custom designed to complement your home and provide your family with protection and peace of mind.

Stainless steel mesh helps to reduce solar heat gain by 53% while allowing for unhindered visibility from your home. ForeverSafe Security Screens also work as bug screens, allowing airflow in while bugs and other intruders are kept out!

Unlike traditional security grills or windows fitted with bars, ForeverSafe Security Screens are a stylish product that will complement any decor. The Stainless steel mesh is nearly impossible to cut, kick down or pry open, ensuring your home is safe and secure.

## Features & Benefits

Expert installation

ForeverSafe Security Screens are custom built and expertly installed

Keyless exit and quick release

Peace of mind, knowing that in an emergency you can get out of the house fast thanks to the one-touch and push release.

Full length integrated hinge

Means no sagging and also increases the window's resistance under attack.

Easy access to surface window

ForeverSafe Security Screens swing away from the window surface, enabling easy cleaning.

Custom built

Means a perfectly fitted job. Product can be made to fit the design and format of your windows.

Enhanced lifestyle

ForeverSafe Security Screens unhindered views, keeps out mosquitoes, and lets you keep a cool, safe house all year round.

Solar heat gain

Solar heat gain is reduced by up to 53% reducing dependence on air-conditioning.
